Address

House Bill 1011 reduced the income limit for parents/caretakers to receive healthcare coverage under the Medical Assistance for Families (MAF) program from 77% to 75% of the federal poverty level (13CSR 40-2.375). Income information on file for your family indicates your income is above this limit.

Your family qualifies for healthcare coverage under the Transitional Medical Assistance (TMA) program. The TMA program is for families that have received MAF three of the last six months. Your family's eligibility has been changed to Transitional Medical Assistance (TMA) effective July 1, 2004. The TMA program provides MC+ healthcare coverage for the family for six months following MAF ineligibility. If other requirements are met, your family may be eligible for another six months of TMA healthcare coverage.

Healthcare coverage will continue for six months from the date of MAF ineligibility (June 30, 2004) as long as you have an eligible child in your home and you reside in Missouri. To receive the additional six months, you will need to complete and return reporting forms sent to you every three months. The reports ask you to tell us the amount of your earnings and childcare expenses needed for work. The form must be signed and returned by the due date on the form. If we do not receive the report by the due date, the parents/caretaker's healthcare coverage through the TMA program will end or be suspended.

During the first six months, you can only lose your healthcare coverage if:

- You no longer have an eligible child in the home;
- You are no longer a resident of the State of Missouri; or
- We determine that you received MAF in any of the six months before closing by means of fraud.

For the second six months, there are additional reasons you might lose TMA healthcare coverage.

- Your gross income from earnings (less childcare expenses you pay) is over 185% of the federal poverty level;
- You had NO earned income in at least one month of the second or third reporting period, unless we determine the loss of employment was beyond your control; or
- You do not complete and return your report forms by the due date.

If your situation changes, you must report these changes to the local Family Support Division office. The law provides penalties for any person who receives benefits to which they are not entitled through misrepresenting the facts or not reporting full information about their situation.

If you disagree with this decision, you have the right to request a hearing within 90 days from the date of this letter. You may request a hearing by mail, by telephone, or in person through your local office at the address listed on this notice. At the hearing, you may present your information yourself, or you may be represented by your own attorney or by other persons who know your situation. If you do not have an attorney, or cannot afford one, you may be able to get help from Legal Aid or Legal Services in your area. You have the right to bring witnesses to testify at the hearing and to question witnesses who appear at the request of the Family Support Division

If you seek medical coverage under another health insurance plan, such as a group plan offered by your employer, you may need a Certificate of Creditable Coverage showing when you were covered by MC+ healthcare. The certificate may help prove you have met part or all of an exclusionary period of pre-existing medical conditions. A certificate may be requested within 24 hours of losing MC+ healthcare benefits by calling the Division of Medical Services, Recipient Services at 1-800-392-2161.
