Subsidy – Career (Level B) Maintenance

Adoptive families or guardians who have a subsidy contract including Career maintenance (which was approved prior to July 31, 2002) are to receive the maintenance rate approved on their subsidy. If the approved subsidy amount is \$1457 per month – the subsidy family is to receive \$1457 every month. Payment of the contract amount eliminates the need for calculation of a monthly payment by the number of days in the payment month which is only necessary for Alternative Care Career Payments.
