

## CHIP Affordability Test Calculator Instructions-2019

**SMHB Affordability Test is now an automatic eligibility step in MEDES - please review system evidence**

1. Pull up the CHIP Affordability Test Calculator
2. Select the appropriate tab on the left-hand side for CHIP.

The screenshot shows a web application titled "Affordability Calculator for CHIP" with a close button (X) in the top right corner. The main heading is "CHIP-2019" with a link "How do I use this Calculator?". Below this, there are two input fields: "Please Enter DCN for the Participant" (a text box) and "Select County of Residence for the Participant" (a dropdown menu). A red banner repeats the message: "SMHB Affordability Test is now an automatic eligibility step in MEDES - please review system evidence". On the left, there are two tabs: "SMHB-2019" and "CHIP-2019", with the latter being selected. The main content area contains three sections of radio button options: "Select Number of Children" (One Child, Two Children, Three or More Children), "Select Income of the Participant" ((CHIP73) 150% - 185% of FPL...premium = \$81, (CHIP74) 186% - 225% of FPL...premium = \$132, (CHIP75) 226% - 300% of FPL...premium = \$200), and "Select Age of the Adult in the Household" (21 to 29 years, 30 to 39 years, 40 to 49 years, 50 years or greater). At the bottom, there is a button labeled "Test CHIP Affordability" and a large yellow rectangular area for the result.

3. Select "county" in the drop-down box
4. Select the appropriate number of children for CHIP cases
5. Click the appropriate CHIP premium limit
6. Click the appropriate age range for the head of household
7. Click button labeled Test CHIP Affordability
8. The calculator will yield the appropriate result

9. Apply the results to the CHIP case

10. Make a Note on the **Head of Household** Page Tab > **Communications** sub-tab > **Notes** folder explaining:

- a. The CHIP Affordability calculator was used and if the participant has access to affordable insurance
