Supplemental Nutrition Assistance Program (SNAP)

**What is it?**
A program that helps low income individuals buy food, seeds and plants.

**Who is eligible?**
To be eligible, you must be a resident of Missouri and meet low income eligibility requirements.

The members of the applicants’ household can have a limited amount of resources. There are exclusions that will apply. A slightly higher resource limit applies for those aged 60 or older or disabled.

You must either have or agree to apply for Social Security numbers for all household members.

If you are eligible, SNAP benefits are available monthly through an Electronic Benefit Transfer (EBT) card. In some cases, the elderly can use benefits to pay for home-delivered meals.

As long as you meet the eligibility requirements, you can receive SNAP benefits but reapplication is required.

**How do I apply?**
Anyone may apply for SNAP benefits. The SNAP amount is determined by the size of your household and the income in your household.

You can start your application on your own or with help from the Family Support Division (FSD).

To get an application, go to dss.mo.gov, or call FSD.

Certain information has to be verified, (identity, income, residency, immigration, etc.). Providing verification for each household member may result in faster service. If you don’t have the verifications, still apply, and FSD will help you get what you need. For a listing of verifications that may be required, go online, or call FSD.

In most cases, you will need to have an interview. A determination will be made within 30 days after completing the application process.

If anything changes in your household during the application process, you must notify the FSD immediately.
