## M E M O R A N D U M

TO: CHILDREN'S DIVISION STAFF, RESOURCE LICENSING WORKERS

FROM: DARRELL MISSEY, DIRECTOR

SUBJECT: LICENSED RESOURCE PROVIDERS ANNUAL IN-SERVICE TRAINING REQUIREMENT FOR 2022

## DISCUSSION:

The purpose of this memorandum is to remind resource licensing workers that all licensed resource providers are required to complete the one (1) hour annual in-service training for 2022. This memorandum introduces the resource providers' annual in-service training (B170) entitled "Understanding and Managing Trauma Symptoms without Medication."

The purpose of this training is to improve trauma education and provide non-medication strategies as one pathway to reduce or eliminate the need for psychotropic medications to manage trauma symptoms. Successful completion of training will require the licensed resource provider to pass the quiz with a score of 80% or more.

Licensed resource providers can locate the annual in-service training 2022 (B170) on the [Resources for Professionals & Stakeholders](#) or on the [Information for Foster Parents](#) web page. When the training is complete, the licensed resource provider will be required to obtain a screen shot of the quiz completion score, create an e-mail that includes their name, date and B170 code number and send the e-mail to the resource licensing worker.

Licensed resource providers who do not have access to the online training can request a paper copy from their resource licensing worker. The resource licensing worker will mail the paper version of the training to the resource provider. The resource provider will review the training, complete the quiz, place their name and a date on the quiz and mail the quiz to the resource licensing worker who will determine the score. The resource licensing worker will provide the results to the licensed resource provider and provide credit for successful completion of the course or inform the licensed resource provider that completion of the training was not successful and they will need to review the training and resubmit a quiz.

This training must be completed by **Thursday, December 15, 2022.**
